

PHYTO-C to Rejuvenate Skin & Improve Hyperpigmentation

Restore Collagen / Even Skin Tone / Prevent or Reverse Signs of Aging

or

+

&

Supreme Serum to heal signs of premature aging

SUPERHEAL O-live Serum to heal and reverse signs of aging

Velvet Gel for ages 30 something and older

Phyto Plus Gel for scars, sun damage and hyperpigmentation

Morning

1. * Wash Skin with Soothing Cleanser and Balancing Toner
2. Use **Supreme Serum** (assists collagen synthesis to help diminish the appearance of scars and discoloration and decrease signs of premature aging) or **SUPERHEAL O-live Serum** (contains a combination of Vitamins A, C, E and Olive Leaf Extract which provides the highest antioxidant protection and reduces damage caused by the sun) – to reverse signs of aging.
3. Then **Velvet Gel** to retain and build collagen.

Nighttime

1. * Wash Skin with Soothing Cleanser and Balancing Toner (For your PM routine: If you wear waterproof or budge-proof makeup, you will need to remove this first with micellar water or witch-hazel.)
2. **Supreme Serum** (heal signs of premature aging) or **SUPERHEAL O-live Serum** (heal and reverse signs of aging)
3. **Phyto Plus Gel** improves unwanted skin discoloration and evens skin tone to heal sun damage or hyper-pigmentation in skin.

The U.S. based company, PHYTO-C, uses 99% natural and organic ingredients than any leading competitor in high-end skin care.

*We highly recommend the anti-inflammatory PHYTO-C Soothing Cleanser and Balancing Toner. Both products are paraben and gluten-free. They are gentle, non-drying, and leave the skin fresh and conditioned.
